**PRESSURE SEWER  
SANITARY DRAIN AND BUILDING SEWER**

A sanitary pressure sewer main will be installed in the street with a lateral pipe extended to the property line of each lot. The plans and specifications for the public sanitary sewer have been submitted and approved by the NYS Department of Environmental Conservation and the Town of Hague.

Lot owners will be responsible for connecting their sanitary building sewer to the public sanitary lateral at the property line. Each lot owner is responsible for the installation of a progressive type sewage grinder pump in accordance with the specifications as required by the Town of Hague Sewer Use Plan.

Such building drain, sanitary building sewer later(s) and grinder pump shall be installed in compliance with Town of Hague Sanitary Building Sewer specifications, and all applicable state and local codes, regulations and guidelines. Each lot owner shall have the primary responsibility of assuring such compliance.

We, the undersigned, fee simple owners of real property located at \_\_\_\_\_  
\_\_\_\_\_Town of  
Hague, Warren County, NY, do hereby agree to store, handle and to install the grinder pump and control panel and appurtances furnished by the Town of Hague in accordance with the manufacturers requirements, The Town of Hague Sewer District No. 1 Sanitary Building Sewer Specifications, and the Town of Hague Sewer Use Law.

It is our understanding that we, the lot owners, will maintain the gravity portion of the building sewer lateral to the grinder pump, as well as the low pressure building sewer lateral from the grinder pump to the street lateral constructed by the Town of Hague.

We further understand that we, the lot owners, shall be responsible for providing and paying for the power required to operate the grinder pump.

We further understand that the Town of Hague will maintain the grinder pump unit until such date, as it is no longer required.
