

BE IT ENACTED BY THE HAGUE TOWN BOARD AS FOLLOWS:

**SHORT-TERM RENTAL LOCAL LAW #1 OF 2024
REGULATING SHORT-TERM RENTALS
IN THE TOWN OF HAGUE**

ARTICLE 1. PURPOSE AND INTENT: AUTHORITY

The Town Board acknowledges the increase in short term rentals in residential zoning districts, and recognizes that this proliferation has the potential to be incompatible with the character of residential neighborhoods. Many members of the community wish to engage in short-term renting of their properties, just as many members of the community are concerned about increased noise and a reduction in available, affordable housing. The Town Board desires to strike a balance between maintaining the peace, privacy, and safety of our northern Lake George residential neighborhoods, while recognizing individual property rights and the fact that Hague has a tourist based economy in which short-term rentals provide accommodations, customers for Hague businesses, income for property owners, and tax revenue for Warren County.

The Board recognizes that the increasing number of short-term rentals has affected the local housing market, reducing the availability of affordable housing—a pattern that has been documented in resort communities across the United States. This trend can provide hardship to members of our community who provide needed services to us all. In addition, the increasing number of short-term rental properties—especially those with absentee owners—may well depress the number of year-round residents, with the effect of reducing the off-season population from which we draw local fire and emergency volunteers, as well as the children in our local schools.

All these factors lead the town to conclude there is now a need to provide local law including supplementary rules and regulations to ensure that short-term rentals operate in the best interests of the entire community.

This local law is adopted pursuant to provisions of New York Municipal Home Rule Law, New York Town Law, and furtherance of municipal police powers exercised to protect and maintain public health, safety and well-being for the Town of Hague and its residents.

ARTICLE 2. DEFINITIONS

As used in the local law, the following words shall have the meanings indicated:

DWELLING UNIT- One or more rooms designed, occupied or intended for residential occupancy and living quarters, with provisions for habitation, cooking, sanitary and sleeping facilities.

RENTAL- Granting residential use or possession of a Dwelling Unit in whole or part to a person

or group in exchange for some form of valuable consideration.

SHORT-TERM RENTAL- A Dwelling Unit, which may or may not be inhabited by the owner of record or the owner's immediate family, which is or is intended to be rented for residential purpose in whole or in part. Short-term rentals are permitted throughout the year and may be for any number of days and nights up to and including twenty-eight (28) consecutive days and nights. Rentals for a continuous period longer than twenty-eight (28) days and nights are not considered to be short-term rentals and are, therefore, excluded from this local law. In addition, this local law specifically excludes any property rental by a commercial tourist accommodation such as a hotel, resort, motel, inn, or campground, and further excludes all employee housing.

SHORT-TERM RENTAL OWNER- All persons or entities having an ownership interest in a Dwelling Unit that is used as a Short-Term Rental. All persons or entities that purchase a property in Hague in an arms-length transaction after the effective date of these regulations are not eligible for a short-term rental permit for a period of three (3) years after the date of purchase. After the expiration of the three-year prohibition of short-term renting, such persons or entities are not permitted to engage a short-term rental for less than three consecutive days and nights during the period between May 15th and October 15th. This stipulation does not apply to any property owned by a person or entity prior to the effective date of these regulations.

An exception to the three consecutive day-and-night minimum, as described in the preceding paragraph, is made for rentals taking place on the dates of events designated by the Hague Town Board on an annual basis.

SHORT-TERM RENTAL PROPERTY- The entire area that is under the ownership or control of the Short-Term Rental Owner including, if applicable, the parcel of land on which a Short-Term Rental is located, together with any dwelling(s), buildings, structures and residential amenities utilized on the parcel.

BEDROOM- For purposes of calculating maximum occupancy of a short-term rental, a bedroom is defined as a room, used primarily for sleeping, having an operating door, and at least one window. A living room with a couch or roll-out bed does not qualify as a bedroom.

LOCAL REPRESENTATIVE- A person who resides locally and is responsible for receiving and responding to a complaint involving the rental property or the renters occupying the property. "Local" should be understood to mean a person who would normally be able to arrive at a rental property within thirty (30) minutes.

TOWN OF HAGUE ZONING OFFICE- All persons appointed or designated by the Town Board including the Zoning Enforcement Officer or their designated agents authorized by the Town Board to enforce the Codes and laws of the Town of Hague.

ZONING BOARD OF APPEALS- The Zoning Board of Appeals hears appeals from persons seeking interpretation or reversal of any determination made by the Zoning Enforcement Officer.

Where the applicant may demonstrate by competent evidence that the circumstances for denial or determination by the Zoning Officer are created by a practical difficulty in meeting the strict application of the requirements of this local law the ZBA shall have authority to grant a variance from such requirement upon the same grounds provided for under Town Law or, in the alternative, the ZBA may also grant relief on appeal upon satisfactory proof of substantial error in the Town of Hague Zoning Officer's denial or determination.
